ONE DOLLAR A YEAR

FLOOD DANGER OVER

Situation at Jacksonville, Fla., Greatly Improved.

FLOODED DISTRICTS DRAINED

No Lives Have Been Reported Lost and No One Was Injured During the High Water Stage—Property Loss Estimated at \$6,000.

Jacksonville, Fla., Sept. 12.—No lives lost, no one injured, six thousand dollars' property loss and the streets practically clear of water summarizes the situation so far as the flood was concerned Friday.

Thursday the situation looked serious, for twelve inches of water had fallen in two days, and the streets and the suburbs were flooded; cellars were under water and the main business portion of the city was threatened.

The rain stopped Thursday night and by morning practically all the water had drained off the flooded district and Jacksonville citizens looked with relief on the situation.

There appears to be no further danger of flood damage and the work of cleaning the streets where the water was highest has begun.

Some of the streets were from 2 to 4 feet under water. In East Springfield ten blocks were affected by the high water and it was impossible for hundreds of persons to reach their homes.

The flood was confined practically within the boundaries of Iona, Hubbard and Seventh streets.

In the western part of the city the territory about the union station was chiefly affected.

Several street car lines suspended operations for the night.

The streets are rapidly resuming their normal appearance.

CANNON OPENS CAMPAIGN.

Entire Address Was Devoted to the Labor Question.

Danville, Ill., Sept. 12.—Speaker Joseph G. Cannon Thursday opened the campaign for re-election to congress in his home town. Almost his entire address of nearly two hours was devoted to the labor question. He paid his respects to Samuel Gompers, president of the American Federation of Labor, who spoke here on Labor day, and attacked Mr. Cannon, inviting union working men to vote against him. Mr. Cannon plainly said he would never vote in congress for the laborer and some other things demanded by Gompers, including an anti-injunction law that, he declared, would make fish of one and fowl of another. Mr. Cannon was greeted by an audience of five thousand, who cheered for several minutes when he appeared on the stage. He was escorted from his home to the theater by the Cannon Escort Club, an organization that has taken an active part in every campaign here for twenty years.

BITTEN BY RATTLER.

Reptile Sprang at Girl as She Opened a Closet Door at Girard, Ala.

Columbus, Ga., Sept. 12.—Miss Lili May Horne, of Girard, Ala., had rather a thrilling adventure Thursday when she went to open the door of a closet in a room of the family residence.

Just as she pulled open the door a rattlesnake, which had crawled into the house in some mysterious manner and had concealed itself in the closet, sprang at her, burying its fangs in her flesh. By prompt work the effect of the poison was counteracted.

Fitzgerald a Free Man.

Chicago, Sept. 12.—George W. Fitzgerald, accused by the state authorities of the theft of \$173,000 from the United States sub-treasury here, was freed Thursday by Judge Chetlain, United States Sub-treasurer Bolden, acting on instructions not to disclose evidence gathered by the federal authorities, took the stand and refused to testify. Judge Chetlain thereupon dismissed the case.

NOTES FROM ALACHUA.

Session of the Farmers' Union Was Well Attended.

(Alachua News.)

Pursuant to the call of J. W. May, county president of the Farmers' Union, a large number of representative farmers met at Caswell hall Thursday morning to decide as to the proper action to be taken by them in the marketing of old cotton now on hand and the growing crop. Two sessions were held, but the morning session was devoted to routine work and the prime subject was not reached. With thirteen lodges represented the afternoon meeting opened. A selling price for cotton was agreed upon but not divulged. A full delegation was selected to attend the National meeting at Valdosta. It was decided to build a warehouse at Alachua 100x300, but the site has not been selected as yet. It seems hardly necessary for us to state that an excellent dinner was partaken of in the company's store, and that the local lodge was the generous host.

The building of the First National Bank will soon be ready for occupancy. The beautiful office furniture has arrived and the directors and cashier are to be congratulated on the taste displayed in its selection. The massive doors and large plate glass windows will soon be in place, and then we can be pardoned for saying that we have two of the finest and best banking institutions of any town of our size in the State of Florida. The building will be opened for business in fifteen days. The Berry's building is practically completed, lacking only the doors and windows, which are now here. These in place this enterprising firm will not be long in occupying their new quarters.

James E. Thompson and Elizabeth Jenkins, colored, were married at the A. M. E. Zion Methodist church at 8 p. m. last evening, many white people being present, and for whom special seats had been reserved. Nothing was lacking to make this the most replete colored affair of the season, even flower girls being introduced to add eclat to the occasion. Jim is popular with all classes, and we understand the white patrons of his barber shop thought so much of his work and respectful conduct that they chipped in and bought him a bed-room set. The bride is said to be a most amiable young person.

BUY AT HOME.

Gainesville Furniture Company Has Immense Stock.

In this issue of The Sun will be found the large and attractive advertisement of the Gainesville Furniture Company, the only exclusive furniture house in this section. This establishment carries an extensive stock of everything required to furnish your house, from kitchen to parlor, which is sold as cheap, if not cheaper, than anywhere in Florida, not excepting Jacksonville, and intending purchasers should not fail to call and see them. You will be courteously treated, and if you do not buy your goods of them it will be simply because you do not really wish to buy.

George C. Crom is back from a visit to Gainesville, his old home. He says that the town is growing right along. That it has the finest picture show he has seen anywhere, and on the opening night seven hundred tickets were sold. He says also that Mr. Baird, the rich hardware merchant, is erecting an opera house in the University City that would be a credit to a town of twenty thousand inhabitants. Gainesville expects to have that many soon, and Mr. Baird is only anticipating things—taking time by the forelock. We are glad that our sister city shows so much life and thrift.—Ocala Banner, 12th.

More than \$15,000 will be spent by the St. Petersburg and Gulf Railway and Electric Light Company, in improvements and new equipment.

MENACED BY FLAMES

Bush Fires Surround Port Arthur and Fort Williams, Ont.

WHOLE COUNTRY IS ABLAZE

It is Reported that the Worst Forest Fires in the History of the Country Are Now Raging Along the Pacific Railway.

Port Arthur, Ont., Sept. 12.—Bush fires surround Port Arthur and Fort Williams and all day Thursday firemen and citizens fought the flames. The whole country east and west is ablaze and the fire is gaining great headway.

On Thunder Cape the whole section is lighted up with flames from forest fires.

East of here, along the Pacific railway, it is reported that the worst forest fires in the history of the country are now raging. Along the Duluth extension several villages are threatened. According to a report received the fire is only a short distance from the village of Hymers. From the international boundary to Hymers, a distance of thirty miles, the whole country is ablaze.

Rancher Started Bush Fire.

Los Angeles, Calif., Sept. 12.—One hundred and fifty men fought a fire which threatened the town of La Cresenta and the valley west of Pasadena Thursday night and has burned over an area of thirteen square miles, a portion of which is included in the San Gabriel forest reserves. The fire started when a rancher attempted to burn some brush.

WALDO NOTES.

Waldo, Sept. 12.—Marshal J. T. Weeks, who was stricken with paralysis a few weeks ago, is able to sit up a little and is gradually improving.

Proprietor Thigpin of the Waldo House, who has been suffering from Bright's disease, is able to be up and about the house.

Miss Pearl Cone, who is training in an institution at Valdosta for a trained nurse, is at home for a few days.

A revival meeting continuing in the Methodist church for two weeks will close Sunday night. Pastor Barr is aided by Rev. I. C. Jenkins, vice-president of the Southern College at Sutherland. The meeting is creating great interest. Special services for men and boys, and for women and girls, were largely attended.

Mrs. W. B. Ennis and children are visiting her parents, Rev. and Mrs. D. L. Branning.

Miss Ida Reid is at home on a visit to her mother, but will return to her position in a store in Jacksonville soon.

A larger area has been planted to sweet potatoes than ever before in this vicinity, and ten thousand bushels will be bedded out another season to furnish draws to be shipped into various States. This has become a leading industry, in which T. K. Godbey is the pioneer.

Mrs. Florida Geiger and daughter, Beulah, have been quite ill with fever, but are improving.

Miss Paramenter has returned to Massachusetts, after winding up the affairs of her mother, the late Mrs. Todd.

The mercantile business of E. A. Turner has been changed by the partnership formed by the addition of Mr. Turner's father, and the style of the firm now is A. Turner & Son.

The result of the town election on the 10th inst. was as follows: M. W. Hogan, mayor; L. P. Miller, marshal and collector; D. L. Branning, clerk and assessor; J. L. Winter, Waldo Hicks and G. W. Scarborough, councilmen. The inspectors were R. C. White, W. M. Pugh and Waldo Hicks. Mayor Pettit would have easily been re-elected, but he declined to serve longer. Mayor-Elect Hogan has been

STARTS WAR ON CIGAR FRAUDS.

Sale of Bogus Key West Brands Enjoined As First Step.

Philadelphia, Sept. 12.—With the entering of a sweeping injunction in the United States Circuit Court, restraining the use of the name "Key West" in connection with cigars not made in that city, has begun a general campaign against the practice of misbranding cigars. The injunction was obtained by the Key West Cigar Manufacturer's Association, which is determined to stop the practice of calling cigars "Key West" unless they are in fact made in Key West, Florida.

The injunction just issued is very broad in its terms and restrains the defendant "from in any way, manner or form, directly or indirectly, whether by means of labels, bands, marking on boxes, word of mouth, or otherwise, making use of the words 'Key West,' and any and all colorable imitations thereof, in connection with the sale or offering for sale of cigars which are not in truth and in fact made in Key West, Florida; and from passing off or attempting to pass off cigars not in truth and in fact made in Key West, Florida, as and for Key West cigars."

S. R. Perry, of the law firm of Steuart and Steuart, 60 Wall Street, New York, counsel for the Key West manufacturers in the Philadelphia suit, said today:

"The defendants in this case are only one of many manufacturers and dealers who make a practice of misbranding cigars and of substituting weeds of all kinds for the Key West-made product. Owing to climatical, atmospheric and other favoring conditions, Key West, Florida, has exceptional advantages for the manufacture of cigars, and the output of the genuine Key West product is now about 100,000,000 cigars a year. Many times that number of cigars are, however, sold as 'Key West,' and it is this fraud that our clients intend to stop. Smokers can partly protect themselves by observing on the bottom of the box the name of the State in which their cigars are made. If not made in a Florida factory a cigar evidently cannot be a 'Key West.'"

president of the council the past year, and Clerk and Assessor D. L. Branning was re-elected. The councilmen are new men.

Mr. Kent, a visitor for nine winters to Melrose from Connecticut, arrived here on Thursday, accompanied by a lady nurse, and they were taken to Melrose by private conveyance.

SEA ISLAND COTTON.

Savannah, Ga., Sept. 12.—The cotton market was quiet, but with some little business reported, sales being 269 bales for the week. The demand up to the present has been mostly only for type purposes, and as some cotton was offering before the regular inquiry was prepared for it, the market was slightly easier for the top grades. Some grades were scarcer, the quality of the receipts being generally good, and hence those grades were rather stiffer.

No material change is noted in the general tenor of crop reports. Recently, however, there has been excessive rain in some sections, and it is apprehended that some damage may result, more particularly to the open cotton.

CITY IS PROTECTED

New Orleans Will Not Lose by Clerk's Alleged Shortage.

EXPERTS PROBING MATTER

Vital Tujague, Chief Clerk in the City Treasurer's Office, is Charged with a Shortage of \$30,000 in His Accounts.

New Orleans, La., Sept. 12.—Accountants Friday continued their investigation into the alleged shortage of about \$30,000 charged against Vital Tujague, chief clerk in the city treasurer's office. The shortage so far brought to light occurred during 1905, 1906 and 1907, and the accountants are now working on the 1908 records. The experts' figures show that \$5,000 is missing according to the 1905 books, \$8,000 in 1906 and between \$10,000 and \$15,000 in 1907.

Mr. Tujague, who was arrested Friday night and released on \$10,000 bond, is reported to have made a statement to Mayor Behrman, but has refused to talk for publication.

It is not believed that the city will sustain any loss, as Mr. Tujague's brother has deposited \$30,000 to cover any possible shortage, and in addition the city is further protected by a \$10,000 bond.

KERN COMING SOUTH.

Candidate to Make Campaign Speeches in Several States.

Chicago, Sept. 12.—John W. Kern, democratic vice presidential candidate, will make a speaking trip in the south in October, and the national candidate is now arranging the itinerary. He will deliver one or two speeches in Maryland and will speak in all probability in West Virginia and Delaware the first week in October. Mr. Kern will speak in Winston-Salem, N. C., on October 7, when the state fair will be in progress.

The vice presidential candidate has also been urged to make speeches in Georgia and Tennessee. Senator Gore, of Oklahoma, and George Fred Williams, of Massachusetts, are to stump the northwestern states.

GIRL FIRED ON MEN.

Were Making a Disturbance Before Her Mother's Home.

Cripple Creek, Colo., Sept. 12.—Armed with a rifle, Miss Annie Coplen, of Gillette, 12 miles from here, fired as rapidly as she could into a group of men who were making a disturbance in front of her mother's home Thursday night.

Robert H. Young, operator of a cyanide plant at Gillette, was wounded over the right eye and cannot recover. Wilbur Hard was shot in the left leg. Miss Coplen was brought to Cripple Creek.

Her mother declares that the girl fought a battle with the men and won the victory.

CONQUEST OF THE AIR.

Writers on Aviation So Regard Orville Wright's Feats.

Paris, Sept. 12.—Expert writers on aviation Friday devoted columns in the newspapers to the importance of Orville Wright's flying feats at Fort Myer and liken the effect produced throughout the world by this demonstration to the circling of the Eiffel tower by Santos-Dumont in 1906.

With practical unanimity they hail the Fort Myer performance as marking the definite conquest of the air by man. A majority of the writers think that it is only a question of a short time before the Wrights or some other aeronaut will win the London Daily Mail's prize of \$50,000 for a flight from London to Manchester.

Fire Loss of \$200,000.

Toronto, Ont., Sept. 12.—H. B. Johnson company's tannery on River street, with all its contents, was destroyed by fire early Friday with a loss estimated at nearly \$200,000; insurance \$150,000. Matthew McCarthy, a fireman, was badly hurt.

HARD ROAD FROM HERE TO THE KEYS

Question Is Being Urged by J. A. Williams of Levy County.

ADVISES PEOPLE OF LEVY TO ACT

Wants to Connect With Hard Road Alachua Commissioners Are Now Building West, Which Runs via Newberry, Trenton, and on to Keys.

There is a strong chance of a rock road being built from this city to Cedar Key, if the people of Levy county take action in the matter, as it is now being urged in that county.

The citizens and the commissioners are already at work upon the road spoken of by Mr. Williams in his communication to The Bronson Times-Democrat, and if sufficient interest can be aroused by the citizens of Levy the road will be an assured thing.

Mr. Williams says in his open letter to the people of Levy county:

"It is my desire to see a hard road to the sea at Cedar Key, Fla. I think the north end should connect at Trenton with the hard road that is being built from Gainesville via Newberry.

"I do not mean a mere public road, but a rock road, say 14 feet wide, and as near as airline as it is practicable to build. You people in the western part of the county have as good or better farming land than any of the rest of us. You have no railroad or any other way of marketing your farm products, nor are you likely to have for many years yet to come.

"A rock road will in my opinion do you more good than a railroad, for the railroads carry away the money while a rock road will enable you to market your products and at the same time keep your money at home. It will more than double the value of your land, on an average. It will give to you Gainesville, Newberry, Trenton and Cedar Key as markets.

"It will advertise your county, and especially the western portion, as nothing else will do.

"There is now a hard road near completion from Gainesville to Tampa. In a few years more I anticipate there will be hard roads from Gainesville to Jacksonville and Tallahassee.

"This road will cost us about twice as much as the new court house did and will be of ten times more service to you. We have paid for the court house, and who of us have felt the burden to be galling?

"Now is the time to build it, before the turpentine and timber is all gone, thereby reducing the assessable property of the county. The law provides for the establishment of special tax road districts similar to our sub-school districts, in which a special tax can be levied for road purposes not exceeding 5 mills. In my opinion we should form a special road district embracing the whole west side of the county, making it as large as possible, levy the 5-mill tax and devote the whole of it to the building of such a road.

"Here is something for the Farmers' Union to take hold of that will ever be a monument to its existence.

LAYING OF THE CORNER STONE

Two Important Matters Omitted from Report of Exercises.

From Friday's Daily Sun.

In reporting the exercises of the laying of the corner stone of the Masonic Temple, in Thursday's issue of The Sun, two important matters in connection with the ceremonies were overlooked, the first of which was the omission to place the Gainesville Guards in the organizations participating in the parade. The reporter overlooked his own notes in this particular in placing the organizations in their regular order in the parade, the Band and Guards leading the parade respectively.

The other omission was the names of the officers who conducted the laying of the corner stone, which are as follows:

W. H. Guns, Tyler; W. L. Hill, J. I. Prevatt, Stewards; R. G. Zetrouer, R. V. Ott, Deacons; W. T. Pound, Secretary; Jos. Manasse, Treasurer; Col. I. E. Webster, Grand Marshal; E. Baird, Grand Tyler; T. L. Hodgson, D. J. Byrd, Grand Stewards; W. R. Steckert, Principal Architect; W. P. Webster, Grand Secretary; H. E. Taylor, Grand Treasurer; R. T. Schafer, Bible, Square, and Compass; R. E. Huffman, A. M. Larsen, Stewards; Rev. S. B. Rogers, Grand Chaplain; A. M. Cushman, Grand Junior Warden; R. McClellan, Grand Senior Warden; Jas. Carnell, Deputy Grand Master; Rev. W. J. Carpenter, Grand Orator; D. M. Tomkies, W. Lake, Grand Deacons; Marcus Endel, Grand Master.

Rutherford's Changes.

F. T. Rutherford, the restaurant man, has completely remodelled his place and it is now the most inviting restaurant to be found in the city. He has had it painted white, and neat signs adorn the building telling the people of the good things he keeps to eat. He will change the name of the place from the Continental to the "White Front Cafe," and proposes to keep a first-class chef, so the people can at all times get what they order served in the best style. He will personally look after the wants of his customers and is sure he can please you if given the chance.

Passed Examination Successfully.

James Donahue, New Britain, Conn., writes: "I tried several kidney remedies, and was treated by our best physician for diabetes, but did not improve until I took Foley's Kidney Remedy. After the second bottle I showed improvement, and five bottles cured me completely. I have since passed a rigid examination for life insurance." Foley's Kidney Remedy cures backache and all forms of kidney and bladder trouble. J. W. McCollum & Co.

Carlisle Receives Commission.

Judge J. A. Carlisle has received his commission as justice of the peace for the new district, No. 25, and will at once enter upon his duties. He has not as yet decided just where he will hold his sessions of the court, but for the present all that comes his way will be dispatched with promptness in his offices in the Haymans building.

Foley's Orino Laxative is a new remedy, an improvement on the laxatives of former years, as it does not create or nauseate and is pleasant to take. It is guaranteed. J. W. McCollum & Co.

MYSTERIOUS MAN DIES AT RALEIGH

Had Card Showing Him To Be Connected With Detective Agency.

CINCINNATI SUPPOSED HOME

Lay Around for Several Days Before He Was Finally Cared For by T. J. Cone, Who Immediately Summoned a Physician.

From Friday's Daily Sun.

Homeless, penniless, sick with a relapse of typhoid fever, was the sad plight in which Gilbert Yost of Cincinnati died at Raleigh on last Saturday night.

He was passing through the country in the disguise of a tramp and little attention was paid to the man by the citizens of Raleigh, where he had been forced to rest up for a few days, until the attention of T. J. Cone was called to the stranger.

Mr. Cone approached the man and saw that he was sick, seriously so, and at once ordered a physician to come to the assistance of the unfortunate being and render him what assistance he could, to see if the man could not be nursed back to health and strength and finally give some account of himself, but the dreaded malady had too great a hold upon its victim, and as a result the unfortunate man passed away, a stranger among strangers.

Although the man was conscious, he never at any time gave any account of himself, or doings, and the matter was not pressed upon him by Mr. Cone, who thought him too seriously ill to talk of these matters at that time.

Dr. Willis of Williston was summoned and did everything possible, but he gave it as his opinion that the patient had a severe attack of typhoid fever and this was a relapse.

After his death the body was neatly dressed and deceased appeared to be good-looking and apparently a man of refinement, his every feature bearing out these impressions.

Among his effects was found only one card that he could be identified by, which read: "Gilbert Yost, Cincinnati Detective Bureau Ass'n."

Aside from the above, Mr. Cone knows nothing, but is extremely anxious to know more of his mysterious guest.

A Traveling Man's Experience.

"I must tell you my experience on an East bound O. R. & N. R. R. train from Pendleton to LeGrande, Ore.," writes Sam A. Garber, a well-known traveling man. "I was in the smoking department with some other traveling men when one of them went out into the coach and came back and said: 'There is a woman sick unto death in the car.' I at once got up and went out, found her very ill with cramp colic; her hands and arms were drawn up so you could not straighten them, and with a death-like look on her face. Two or three ladies were working with her and giving her whiskey. I went to my suit case and got my bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy (I never travel without it), ran to the water tank, put a double dose of the medicine in the glass, poured some water into it and stirred it with a pencil; then I had quite a time to get the ladies to let me give it to her, but I succeeded. I could at once see the effect and I worked with her, rubbing her hands, and in twenty minutes I gave her another dose. By this time we were almost into LeGrande, where I was to leave the train. I gave the bottle to the husband in case another dose should be needed, but by the time the train ran into LeGrande she was all right, and I received the thanks of every passenger in the car." OPERATORS WILL REDUCE OUTPUT

Will Market Only So Much As Absolute Necessities Require.

NO MORE BOXES WILL BE CUT

At the High Prices They Paid for Timber They Are Compelled to Reduce Output Until Naval Stores Prices Materially Advance.

From Friday's Daily Sun:

The meeting of the Turpentine Operators' Association which convened in this city Thursday, was largely attended by the producers throughout this territory and much interest manifested.

It was decided at this meeting to cut down the product of the naval stores for the remainder of the year, and urge all other members who were not present of the action and to curtail the output as much as it was possible for them to do at this season.

The sense of the meeting was that it would be unwise for them to produce anywhere near their full output of rosin and spirits and put them on the market at the present prices, and the members present voted that they produce no more than would be absolutely necessary in order to save themselves from what they already have cut ready to scrape.

The members present also agreed not to cut any more boxes, and to use their efforts to get others not to cut boxes.

It is to be regretted that more members could not have attended this meeting, but a larger number than was expected were present, and it can safely be said that a majority of the operators from the counties of Levy, Alachua and Bradford were here to participate, and will inform those who were compelled to stay at home of the action of the body.

A WOMAN'S BACK

The Aches and Pains Will Disappear if the Advice of This Gainesville Citizen is Followed.

A woman's back has many aches and pains. Most times 'tis the kidneys' fault. Backache is really kidney ache; That's why Doan's Kidney Pills cure it.

Many Gainesville women know this. Read what one has to say about it: Mrs. V. E. Spence, living at 201 W. Arlington street, Gainesville, Fla., says: "It would be hard to describe all the suffering I endured from a weak and aching back. At times the pains were so intense that I could not get up or down. I was also troubled with rheumatism, and different parts of my body would become stiff and lame. A friend advised me to try Doan's Kidney Pills, so I procured a box at J. S. Bodford & Co's. and began their use. I am glad to say that they acted exactly as represented. The pains soon ceased, and all indications of rheumatism disappeared. I can honestly say that Doan's Kidney Pills did me more good than any medicine I had previously taken."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

EPWORTH LEAGUE ELECTION.

Annual Election of Officers—Installation on Next Sunday Evening.

The regular monthly business meeting of the Senior Epworth League of the First Methodist church was held Monday night, September 7, 1908.

As this was the time for the election of officers for the next year, after disposing of the regular routine work of the League the election of officers resulted in the following being nominated and elected:

President, John Carlisle; First Vice-President, W. R. McKinstry, who will have charge of the devotional department; Second Vice-President, Miss Mary DaCosta, who will have charge of the charity and help department; Third Vice-President, Miss Kittie Carlisle, who will have charge of the social and literary department; Fourth Vice-President, Miss Mary Crawford, who will have the missionary department in charge; Secretary, Miss Lina Tousey; Treasurer, J. A. Phifer; "Era" Agent, Sidney Godwin; Organist, Mrs. T. J. Dayton.

There will be installation of officers at our League meeting Sunday afternoon at 4 o'clock, and the public is cordially invited to attend this service.

We have an Epworth League of about eighty-six members, composed of the young people of the Methodist church. The devotional department has the Sunday afternoon meetings in charge, attending to appointing leaders for the meetings and the general welfare of the League.

The charity and help department of our League is just what its name implies, and we Leaguers do quite some work along the line of visiting the sick, carrying flowers and visiting strangers. The social and literary department takes care of the social part of the League work, and the missionary department sees to this part of the work. Our League has a mission study class and at present this class is studying Methodist history.

The League wishes to take this method of publicly thanking the retiring officers for their good work for the past year, and to bespeak for those who will soon assume their places in the League, the support, help and prayers of each Leaguer.

PRESS REPORTER.

Miss DaCosta Entertains.

From Saturday's Daily Sun: In honor of her visiting friend, Miss Ellalouise Dow of Jacksonville, Miss Mary DaCosta last night tendered her a theatre party, when the following young ladies were present: Misses Louise Nixon, Myrtle and Alma Fennell, Alice Butler, Nell Dempsey, Mary and Nell DaCosta. The young folks proceeded to the Electric Theatre, where the evening was principally spent, light refreshments being served at the residence.

To Be Happy

You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. BROWN HOUSE WILL MAKE IMPROVEMENTS

Plans Completed Which Will Completely Change This Hostelry.

WORK TO BE FINISHED AT ONCE

Manager Ettel Says All Changes Will be Perfected in Time for Fall Business, Which Travelers Say Will be Quite Early.

The Brown House is to receive a complete remodelling and painting at an early date, the plans having all been perfected for the changes the management proposes to make.

The outside of the building will be painted and cornices placed thereon, which will give the place an entire change of front.

The inside of the hostelry will be finished up in white and oak and will be remodelled from the first to the third floors. The doors and floors will represent oak, being neatly grained, while the remainder of the woodwork will have an application of white paint, the contrast being pleasing and effective.

One of the prettiest pieces of the work will be the offices. The present location will be changed so it will throw them about ten feet farther back. The writing room will be moved to the old sample room, fitted up for both a reading and writing room and equipped with individual writing desks, while the present space used for this purpose will be turned into the lobby and office.

Hardwood wainscoting will be placed in the office of cherry and magnolia and the room repapered, which will give it an appearance equal to few lobbies in the State.

To further add to this attractive part of the office furnishings, Mr. Ettel says he proposes to furnish it with leather upholstered settees, chairs and sofas, and make it attractive in looks as well as a comfort for the traveling man.

When these improvements are made, together with the improvements made during the present year, the Brown House will be second to no hotel in the State in point of comfort and appearance, and the expense incurred demonstrates that the proprietors, Messrs. J. W. Ettel and son, J. A. Ettel, have every confidence in the future of Gainesville.

THE FLOWER ON THE LAWN.

By T. B. Pearson.

Come, my dear, and hear me sing
Of a little flower that one spring
Bloomed upon a pretty lawn
For a while, and then was gone.

Think not, my dear, because it was small
That it did no good at all;
But rather that it did impart
Joy and gladness to the heart
Of the throng that passed by
As well as those who stayed by.

May the flower upon the lawn
Shed its fragrance upon our song,
The song of life that we shall sing
Before we are called to meet our King.

Hop-pity-Hop.

Are you just barely getting around by the aid of crutches or a cane? Unless you have lost a limb or have a deformity—if your trouble is rheumatism, lumbago, sprain, stiff joints, or anything of like nature use Ballard's Snow Liniment and in no time you can throw away your crutches and be as well as anyone. Price 25c, 50c and \$1. Sold by W. M. Johnson.

More East Side Improvements.

The stores of E. A. O'Neill and W. W. Avera, adjoining J. H. Vidal, have both been considerably improved by the liberal application of paint. This makes the whole three look new and neat again and the proprietors are to be commended for their enterprise in making their places look so neat and inviting.

Will Interest Many.

SCHOOL OPENS AT FRANKLAND.

Mammoth Pumpkin Raised by W. M. Hines on His Farm.

Frankland, Sept. 10.—The school at Frankland opened last Monday under the management of Miss Katherine Salter, with twelve pupils present.

The farmers are very busy gathering corn and the fleecy staple.

W. M. Hines is considered the largest pumpkin grower of the West End, as he planted one the 14th of June and pulled it September 7th. It was 5 feet 11 inches by 5 feet 8 inches, weighing 160 pounds.

The friends of Wiley Hines, who had the misfortune to break his leg in two places, are glad to learn that he is improving.

Have You a Baby?

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If its complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Cream Vermifuge. The only cure that never fails and has no bad effects. Sold by W. M. Johnson.

N. G. JUNIOR C. E.

Give Delightful Entertainment Last Thursday Night in Hall.

The Junior Christian Endeavor Society of North Gainesville gave a very creditable entertainment at the hall on Thursday evening.

The program consisted of songs, recitations and dialogue, after which refreshments were served.

The Juniors are worthy of considerable praise, for the work of getting up the program, rehearsing, and decorating, was all their own, with the assistance of Miss May Kirby.

A vote of thanks is due Mrs. Fisher for the donation of a freezer of delicious cream. We also thank the young people of the neighborhood for their good behavior and liberal patronage, which the Juniors appreciate very much.

MRS. H. W. BRUCE,
Junior Superintendent.

For a Sprained Ankle.

A sprained ankle may be cured in about one-third the time usually required, by applying Chamberlain's Liniment freely, and giving it absolute rest. For sale by all druggists.

As there will be a large number of Presidential Electors on the ballot at the election in November it behooves Democrats to become familiar with the Bryan electors, which are as follows:

For Presidential Electors:

H. P. BAILEY.
P. W. BUTLER.
ROBT. E. DAVIS.
GEO. C. MARTIN.
SAMUEL PASCO.

Paste this list in your hat, so that when you are asked who the Democratic electors are you may be prepared to give the desired information.

Editor Harris of The Ocala Banner has changed the name of that city from the "Brick City" to that of "The City of Sweet Content."

And now comes The Manatee Record and says the question of an extra session of the Legislature is not dead. Most of us had hoped it was.

The prospects of Bryan's election grow brighter every day. The only real cloud upon the horizon is Hearst and his Independence party, the strength of which cannot yet be determined. Watson will cut no figure in the contest.

It is reported that the Florida State Fair will again be pulled off at Tampa next year. Sure. Did anybody have an idea that those Tampaites were going to miss the opportunity to check out the \$15,000 appropriated by the last Legislature for that project?

The farmer who fattens his meat on pinders, peas and potatoes will do so at a cost of not more than four cents per pound. Any farmer can grow peas, pinders and potatoes and as they will produce meat, no farmer should buy a pound of meat, remarks The Tampa Tribune.

The rainfall thus far in Florida during the month of September has been something wonderful. It seems to have been general throughout the State, and in Jacksonville during the past week it was so great as to cause much damage to property and inconvenience to pedestrians.

The Tampa Tribune truthfully says that "Every newspaper man who does his duty is constantly making somebody mad. Although he realizes this is inevitable, yet no true newspaper man ever intentionally wounds another's feelings, or takes a step that he does not consider necessary for the public good."

How many women, or men, are there in Hamilton county who had a son, or sons, in the Confederate Army? If there are any we will be glad if they will send us their names, also, the name, or names of their sons who served as Confederate soldiers that we may publish them. The parents of Confederate soldiers are few and far between. In Savannah, a city of 60,000 persons, there is only one woman who is the mother of a Confederate soldier. Her name is Mrs. Octavia Cohen.—Jasper News.

PROBLEMS OF FIRE PROTECTION.

It is stated by fire insurance authorities, says Pearl Evans in American Industries for August, that an average of 60 cents out of every \$1 of premium received is used to pay insured fire loss. With these figures as a basis it will be possible by reducing fire waste for the public, to save on an average at once all uninsured value now burned and in time 1-2-3 of all insured values now burned.

A word now about the character of fire loss telling wherein it differs from any of the other compared items.

Substantially all of these represent merely transfers of value; whereas, fire loss is an absolute destruction of wealth—the product of man's thought, toil and self-denial. Who can doubt the propriety and wisdom of reducing as far as possible the approximately proportionate life loss which accompanies it? It may be asked at this point whether this waste is unreasonably large, and capable of being reduced. A comparison with other countries of like civilization will supply a fair test. In round figures the per capita fire loss in the United States during the past year has been \$5 as against \$0.33 in the principal European countries, including England, France, Germany and Italy, or nine times more fire waste and interruption of business (which insurance cannot cover) in the United States than in western Europe. There are certain conditions in these countries that operate to effect a lower fire loss than would reasonably be possible here, viz.: the larger use of non-combustible materials, due to the high cost of wood, and better building codes in letter and practice; the height and small areas employed in their city construction; and finally, the intangible influence of their older civilization, which makes these people more careful of small savings in all their affairs and generally more cautious than we have yet become. Allowing for these fundamental differences between the countries compared it is yet apparent that the nine times larger fire loss in the United States than the principal western European countries suffer, is outrageously and criminally greater than it should be; and this condition must arise largely from the ignorance and carelessness of this country's people.

THE PLAIN PEOPLE.

Happy is the man whom honest effort has enriched without having separated him from vital relation with the great world of quiet contentment that lies deep and strong in the life of the plain people. The plain people do not bother much about the "room at the top;" they value security and sufficiency above all else, rather than worry about great prizes or great stakes in the game of life. It is the plain people that constitute the "first mortgage bonds"—the primary claimants—on the essentials of living.

The people who take the next better chances make up the "preferred stock," and the fellows who take the heavy risks and the equally heavy losses are really the "common stock." The gilt-edged worth of modern society is in the class that our own Lincoln called the plain people. They, more than any other single class or group of classes, form the foundation of values in the world. They till the soil, they run the machinery, they handle the traffic, they keep the records, they consume the product, they are the home-makers.

Nor is that all. In them are the bulwarks of morality, the mainstay of religion and the hope of righteousness in the life of a people. They rear families without divorce and believe in patriotism without pessimism in it. All else, with rare exception, could be dispensed with. For, out of the plain people the really great leaders come, because the great universal truths of life are never lost sight of there.

PLENTY OF TIME.

Apropos of the high esteem in which Governor Johnson of Minnesota is held by his constituents a story is going the rounds of one of the Danes, Poles or Scandinavians who inhabit that State.

"Yes," he said, "Johnson bane a great man. He bane a bigger than your George a' Wash, and all a da root."

But when asked if he was thought to be a greater man than Jesus Christ, he dubiously scratched his head and replied, "Well, yo see, Johnson he bane a young man yet!"

THE JACKSONVILLE CARNIVAL.

Jacksonville is to have a carnival celebration lasting for an entire week, from October 26 to 31 inclusive.

This will be good news to our readers, for the thousands of people who attended the Jacksonville carnivals in past years have pleasant recollections of the splendid attractions presented by the Jacksonville Carnival Association. The same gentlemen are in charge of the carnival this year and they promise to give the very best carnival ever seen in the South.

Very low railroad rates for the round trip, from all points in Florida, are assured, and that the city of Jacksonville will be thronged with visitors from all parts of the State is a certainty.

Jacksonville is growing faster than any city in the entire country, and this will be an excellent opportunity to see the metropolis of the State.

According to a decision by the Interstate Commerce Commission, says The Arcadia News, shippers may combine small quantities of freight of various ownership, either by arrangement among themselves or through the medium of a forwarding agency, and ship the combined lot at the relatively lower rates applicable to large shipments. The commission decided in favor of the smaller shippers upon the ground that the ownership of property tendered for shipment cannot be made a test as to applicability of a carrier's rates. The Interstate Commerce law forbids discrimination between shippers, and the fact that one shipper tenders a "bulked shipment" made up of property of various ownership, consolidated before delivery to the carrier will not justify the carrier in making a different charge than for a shipment of similar character tendered by a shipper who is also the owner.

The action of the Bar Association of America in advocating legislation that will prevent courts of appeal from deciding cases upon purely technical grounds will meet the hearty approval of the great masses of the people. Such a law was strongly advocated by the lamented Judge Thomas F. King, for many years the presiding judge of this circuit, and a bill drawn by him on this very subject was introduced in the Florida House of Representatives during the session of 1895 by the editor of The Sun, but it was promptly set down upon by the judiciary committee of that body, as have all efforts in that direction by members of either branch of the Legislature. Such a law would materially effect the business of a certain class of lawyers, and it will require strenuous efforts on the part of the better class of the profession to get such a law on the statute books.

Republicans admit that they need the next House to help them carry out their plans. They claim that if it should happen to be Democratic, of which there is a fair prospect under existing conditions, the Senate would head off any un-republican legislation it might pass. On the other hand, if the House should be Democratic it would be in position to head off un-Democratic legislation from the Senate, and this is just what the country needs. President Bryan will need a majority in the next House to insure the enactment of any reform measures whatever. With the Senate and House both Republican, the Democratic administration would be powerless to do anything for the benefit of the people.

If Judge Malone's decision stands that a canvassing committee has no right to go behind the face of the returns in a primary election for the nomination of party candidates, then a candidate who has been deprived of the nomination by the grossest kind of fraud is without redress. Something must be done to better perfect the primary system, or it will soon come into utter disrepute. We are glad to say that no charge of fraud in primaries has ever been brought in Alachua county since the enactment of the primary law, and we trust such a charge will never be brought, but should there be just grounds for the bringing of same there should be some method of redress.

The few citizens of Gainesville who spent the heated term at the mountain or seashore resorts have nearly all returned. The few remaining absent are now enjoying themselves in New York, or some other favorite city.

"In an article on Florida politics contributed to The Levy Times-Democrat," says The Pensacola Journal, "the writer expresses fear that the State may possibly go Republican this fall by reason of so many votes going to Tom Watson, the Populist candidate. This is not the danger, if there is any danger, to be considered. Democratic voters are in an overwhelming majority in this State, but they have shown a disposition to neglect the real election in November, deeming it only the formal ratification of the result of the primary which they think settled everything. All that is necessary is to get out the full vote on election day and no one need entertain the slightest fear as to the result. The total vote in Florida at the coming election should be more than 50,000. Four years ago it was less than 40,000."

We wish to say to The Gainesville Sun that we have withdrawn our opposition to the adoption of the amendment to the constitution levying a separate tax for the support of State institutions because of the present necessity. We favored the principle, but objected to using sound timbers to uphold a rotten structure, which should come down.—Brooksville Argus. We are truly glad to hear of the withdrawal of Bro. Russell's opposition to the proposed amendment to levy a one-mill tax for the maintenance of the higher educational institutions of the State, for, knowing his great interest in education, we were surprised to see him take a position in opposition to this amendment.

The Tampa Tribune is endeavoring to arouse the people of the Clear City to the necessity of paying the premiums awarded at the last State Fair if they expect the next fair to be any kind of a success, the appropriation for paying these premiums not yet being available. The Tribune is right. If the people of Tampa do not appreciate the fair sufficiently to advance the money for these premiums they need not expect much of an exhibit at the next fair, and without a good general exhibit the attendance will be comparatively small.

As there are to be about thirty-five names on the ticket in the next election for Presidential Electors it would be well for the adherents of the different parties to study well the candidates of the party which they will support. The names of the Democratic candidates are H. P. Bailey, P. W. Butler, R. E. Davis, George C. Martin and Samuel Pasco. Study these names well and be prepared to mark an X opposite them on November 3rd if you desire to vote for William Jennings Bryan, the greatest living Democrat.

As will be seen by the list of text books to be used in the June examinations of 1905, which is published in today's Sun, Tarr's Physical Geography has been eliminated. The people of Florida are under obligations to Dr. S. B. Rogers for calling the attention of the State Board of Education to this author's reference to the origin of man, and Superintendent Holloway is to be commended for his promptness in eliminating this text book entirely from future examinations.

The best thing the Republican party has had for the money in a long time, says The Jacksonville Floridian, is Secretary of Agriculture Wilson. His office has been elevated from a mere sinecure to the most useful adjunct of the government. His latest move is to domesticate the deer and ranches for this purpose are to be introduced in Florida and other Southern States. Venison is a decided improvement on sheep or goat, and its raising could easily be made profitable.

Subscribers to The Sun are asked to remember the postal regulation that forbids publishers extending more than one year of credit to their subscribers. Examine the date opposite your name printed on the margin of the paper and if you find yourself indebted to us send in a remittance without waiting for a statement. The sending of statements costs about five cents each and is an expense that the publisher ought not to have to incur.

Aggressive advertising can change the "deadest" store in the city into one of the "livest"—and in a short time, too.

ORPHANAGE DAY

The first Saturday in October will soon be here. This day, used by the generous people throughout the State, has been a great help to the Orphanage. Why call attention to this one day in the year? Because we ask that everyone in Florida give the earnings of that one day to the Orphanage. We ask nothing for ourselves, what we ask is for the children, that they may be cared for, clothed, fed, educated, trained in a life of industry and economy and reared for a life of usefulness and God's glory.

The Orphanages throughout the South have their annual Orphanage or Work Day. It is called by some Work Day because it is desired that everybody engage in work on that day and send to the Orphanage what is earned. With many this is a very happy day, because they are working to help the orphans. This is our Fifth Annual Orphanage Day. Our first brought us \$80; our second, \$800; our third \$1,500; our fourth \$2,000.

Let us mention some of the benefits of these gifts of this one day.

First: There come months in every year in which the money sent in does not meet monthly current expenses. The income from Orphanage Day tides us over these months without debt.

Second: This income saves us from care and anxiety about food for the children during these months which do not bring us enough for current expenses.

Third: This new building, complete, strong, comfortable and commodious, costing a little more than \$5,000, has been built and paid for mostly by the money which you have sent us for Orphanage Day. What a great blessing to the orphans of the State the gifts of that one day in 365 have been!

Fourth: A brick foundation for a sanitarium has been laid and paid for, and the bricks for completing it are on the ground and paid for; these benefits could not have been realized but for the liberal help resulting from the observance of Orphanage Day.

Will not merchants, every business organization, people in every occupation, churches, Sunday schools, women's societies, Young People's Unions, secret orders, every individual in the State, send us the earnings of the FIRST SATURDAY IN OCTOBER? If you will do this, I am sure you will put into our hands \$3,000 for completing the sanitarium which we need.

B. M. BEAN, Supt.,
Arcadia, Fla.

It is now predicted that there will be as great a car shortage in a few weeks as there was last year, the crops of wheat, corn, hay, etc., in the West being the largest ever. But the Western farmer is in the saddle this year and will get such prices as he asks for his wheat, corn, meat, etc. This accounts for the fact that the cost of living has not been lessened, notwithstanding the financial depression.

The Sun's Bryan and Kern campaign fund now amounts to \$74.50, the second installment of which, \$18, has been forwarded to the treasurer of the National Democratic Campaign Committee. Certainly this fund should reach at least \$100, but it will not unless contributions come in with a little more rapidity. If you desire Bryan's election, help the cause with at least a dollar. No less amount will be received.

A thorough investigation of the Florida orange crop by the staff correspondent of The New York Packer demonstrates that the present crop is very uneven, some groves being loaded with fruit, while others are very shy, scarcely half a crop being in sight. Notwithstanding this condition the growers are not being offered fair prices for the fruit on the trees.

The Fort Myers Breeze says that several 50-cent coins have been in circulation there, lately, which have been defaced with the advice to try a certain liniment. Such coins have ceased to be legal tender and the firm manufacturing that medicine, if it is guilty, is exceedingly foolish. It is liable to a fine far greater than all the profits it could make in years from such illegitimate advertising.

NEWS OF CITY AND
COUNTY CONDENSED

From Sunday's Daily Sun:

Mrs. Lizzie Mott left yesterday for Alachua, where she will spend the next two weeks visiting her brother, Isaac Willis, who resides near that place.

Miss Murray Cellon has gone to LaCrosse, where she expects to spend the next few days visiting relatives and friends in that section of the county.

W. A. Strickland, member of the County Democratic Executive Committee from the Hague district, was in the city from his home at Paradise yesterday.

Mr. and Mrs. S. J. Womble of Trenton, who have been in the city for the past few days visiting the family of W. W. Colson, returned to their home yesterday.

M. M. Holt of Jonesville was among the visitors to Gainesville Saturday. He says he is now running his sawmill and receiving about all the orders he can well handle.

Capt. C. B. McClenny and son of Cadillac were visitors to the county capital Saturday. They report plenty of rain, but it has not yet interfered with the crops in that section.

Miss Mabel Townsend, who has been in the city as the guest of the family of R. B. Peeler, in South Gainesville, for the past few days, left for her home at Rex yesterday.

No matter what sort of eye trouble you may have, Dr. Armstrong can help you. He straightens cross-eyes without knife. Next visit to Gainesville September 15th, at Brown House.

Dr. C. L. Carter and wife are now sojourning at Cedar Key in the hope that the salt air will prove beneficial to the Doctor, who has been indisposed for the past two weeks with indigestion.

Mrs. Mamie Clyatt was in the city yesterday en route to her home at Clyatt Station. She has just returned from a visit of some weeks to points in Georgia, and reports having a pleasant vacation.

J. A. Parish of Hague was in the

city yesterday. He states that cotton is opening rather fast but the farmers are keeping up with it regardless of the rain. Most of the crop has already been gathered.

Miss Katie Barrs, who has been spending the past several days with relatives and friends at High Springs, returned to her home in this city yesterday, much to the delight of her numerous young friends.

Miss Lula Moody departed yesterday for Ocala, where she was called on account of the serious illness of her sister, Mrs. R. M. Perry. It is hoped that she found the patient greatly improved upon her arrival there.

Mrs. T. H. Richardson and daughter, who have been spending the past month at Fernandina and Amelia Beach, returned to their home in this city yesterday, having had an enjoyable outing which proved highly beneficial to them.

Miss Ida Burkheim has returned to the city from Virginia Beach, the Carolinas and other points of interest, where she spent the past summer. She was accompanied by her sister, Miss Sophia, and brother, Marcus, better known as "Brother."

Pearl Prevatt, who has been assisting Tax Assessor Colson for the past few months, departed yesterday for Alachua, where he will assist in a series of revival meetings. From Alachua he will proceed to Bowling Green, Ky., where he is studying for the ministry.

The modern system of overcoming nervousness, stomach trouble, headache, etc., as followed by Dr. Armstrong without drugs or operation, is most remarkable, and good results are sure to follow. Those wishing can see the Doctor one day only at Brown House, September 15th.

E. M. Clarke and wife returned to the city yesterday from their bridal trip of the past two months. While absent they visited many points of interest throughout this and other States and return to their home here pleased with their trip. Mr. Clark is a traveling man and will resume his position on the road as soon as he gets things conveniently situated for Mrs. Clarke.

DEATH OF MR. COLLINS.

Former Citizen of Gainesville Dies in Baltimore Hospital.

William A. Collins, 53 years of age, died at Johns Hopkins Hospital, Baltimore, Wednesday as a result of a surgical operation. Deceased was a native of Georgia, but for some time past he had resided at Lake Butler, Florida.

The interment will be in St. Mary's cemetery.

The body of Mr. Collins arrived in this city yesterday afternoon at 3:15 o'clock, accompanied by his wife, who was with him at the time of his death. —Jacksonville Times-Union, September 11th.

Mr. Collins was well known in Gainesville, having resided here for over a year, being the manager of W. W. Gordon & Co's. extensive gineries in this city until they were destroyed by fire. He was a quiet, unassuming gentleman and was highly esteemed by all who knew him.

THE CAMPAIGN FUND.

Oscar H. Thomas Heads a New List for Remittance.

All contributions to The Sun's Bryan and Kern campaign fund which were received up to September 10th were remitted to the treasurer of the Democratic National Campaign Committee, and a new list was started yesterday, Oscar H. Thomas, son of Dr. T. F. Thomas, heading it with one dollar.

It is not too late to help the cause of the people in this fight by the peerless leader, W. J. Bryan, and if you believe in the principles of the Democratic platform, as enunciated at Denver, now is the time to help in the great fight. Send along your dollar, and you will never regret it. The larger your contribution the greater amount of good you will accomplish in behalf of the people.

An Orlandoite expects to establish a cannery at New Smyrna to can periwinkle or coquina clam soup. The Daytona Gazette-News says there are large quantities of periwinkles washed up on the beach with every tide and the supply seems inexhaustible.

The Largest and Best Opera House in the Interior of the State—Seating Capacity for Nearly One Thousand People.

Citizens of Gainesville will hail with delight the news that Baird's new play house has about been completed and the contractor will within a few days turn the building over to its owner.

The seating capacity of the new house will be nearly one thousand, and it is so arranged that no "Merry Widow" or other large hats will interfere with the audience.

The work in the interior of the building is fully in keeping with that of the outside, and the fresco work, done in different colors, is especially pleasing to the eye.

The stage is almost twice as large as the old one was, and it cannot now be said that we will be unable to get any medium sized troupe upon the stage, which song has been sung to the Gainesville amusement-loving public for many years.

The scenery, which will all be new and up-to-date, will be painted under the special supervision of Louis Kalbfeld, who is a practical theatrical man and who thoroughly understands the business. It will be hung on the latest roller devices.

The dressing rooms are large and comfortable, and in every way the new play house presents a pleasing appearance, and will be a joy to the theatre-goers.

In view of the fact that Manager Kalbfeld has secured exceptionally fine shows for Gainesville, it is predicted that people who have not attended a performance here in years will be seen as regular patrons of the institution.

WATER MAINS NOW BEING LAID WEST

University and College Park First to
Receive This Addition.

WILL BE GREAT CONVENIENCE

Mains Will Also be Laid Through
University Grounds, Giving Ample
Protection Against Fire to State's
Property Located There.

The citizens will hail with de-
light the news that the University
buildings will now have the proper
fire protection, as the water mains
have been distributed and the actual
work of laying them commenced.

This new line of six-inch mains is
joined on to the new extension on
Liberty street and will run all over
the grounds in a well-selected man-
ner, being sufficient for any emer-
gencies that they may be called upon
to meet.

By this new extension the citizens
of College Park and others in that sec-
tion will be given the advantage of
city water, which they have not
heretofore had, and the mere fact
that they are also protected from fire
will induce many to build who own
lots in this fast growing section.

Just as soon as Superintendent
Miller will have completed the work
in this section, which will require
some weeks, he will remove with his
force of men to North Roper avenue
and run the line east in that section
to houses which have sprung up
within the past year, and which are
now being built in that thriving part
of the city.

The improvements have been ex-
pensive, but taking into consideration
the vast good they will do, the City
Council should be commended for
ordering this work done, and especial-
ly around the University property,
where so much money has been spent
and much more is soon to be ex-
pended.

Schultz—Pearce.

At 6:30 o'clock last evening at
Syracuse, N. Y., Miss Mabel Pearce,
the daughter of Mrs. Margaret
Pearce of Syracuse, and Mr. Lee
Schultz of Jacksonville were married.

Miss Pearce spent last winter here
with Mrs. Clinton Deane on Market
street, and made many friends who
will welcome her as a permanent
resident.

Mr. Schultz is connected with the
S. B. Hubbard Company, and is high-
ly esteemed by his business asso-
ciates.

Mr. and Mrs. Schultz will arrive
about the 20th, and will be with Mr.
and Mrs. Clinton Deane until the
completion of their own residence.—
Jacksonville Metropolis, September
11th.

Mr. Schultz will be remembered by
many Gainesville people as a stu-
dent of the East Florida Seminary
some years ago. He was a young
man of sterling qualities and was
popular with both his classmates and
teachers, as well as the people of
Gainesville. The Sun joins his many
friends in this city in wishing him
and his bride unalloyed happiness in
their married life.

Railroad Merger.

Mobile, Ala., Sept. 11.—The offi-
cials of the Mobile, Jackson and Kan-
sas City Railroad company have been
notified that the Mississippi railroad
commission will take up the merger or
consolidation of the above named road
with the Gulf and Chicago and the
New Orleans, Mobile and Chicago on
Monday next. It is not believed that
there will be any opposition, as the
lines in the deal are not parallel.

S.S.S. THE CURE FOR SCROFULA

Swollen glands about the neck, weak eyes, pale, waxy complexions, running sores and ulcers, skin diseases, and general poor health, are the usual ways in which Scrofula is manifested. The disease being deeply intrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, and the scrofulous and tubercular matter so thoroughly destroys the healthful properties of the blood that Scrofula sometimes terminates in consumption, an incurable disease. The entire circulation being contaminated, the only way to cure the trouble is to thoroughly purify the blood and restore the circulation to a strong, healthy state. S. S. S. is the very best treatment for Scrofula; it renovates the entire blood supply and drives out the scrofulous and tubercular deposits. S. S. S. is the greatest of all blood purifiers, and it not only goes right down to the very bottom of the trouble and removes the cause, but it supplies the weak, diseased blood with the healthful properties it is in need of, and in this way builds up weak, frail, scrofulous persons and makes them strong and healthy. S. S. S. is a gentle, safe, vegetable preparation and is suited for persons of any age. Book on the blood containing information about Scrofula and any medical advice free.

W. M. HOLLOWAY,
State Supt. Public Instruction.

Capt. Maxwell's Grove.

T. J. Robinson, superintendent of
Capt. D. E. Maxwell's orange and
grapefruit grove near Melrose, was
in the city Friday. He says the indi-
cations are that this valuable grove,
which is one of the finest in the
State, will produce more fruit this
season than since it came into bear-
ing, and that while the oranges are
somewhat "rusty" the grapefruit is
as fine as was ever seen. Mr. Rob-
inson has paid particular attention to
the grove, and it is no fault of his
that the oranges are "rusty," but this
is caused by the early drought.

DEATH OF FORMER CITIZEN.

Passed Away With Consumption at
From Saturday's Daily Sun:

Hospital in Washington City.

Mrs. Ida Crown, the beloved wife
of C. J. Crown, who formerly resided
at Rocky Point, died at Washington
in a hospital after a long and painful
suffering.

The deceased was married to Mr.
Crown while he was here engaged in
the trucking business and they lived
at the Point for some three years,
but the doctor advised that Mrs.
Crown be removed back to her for-
mer home, Washington, as all hope of
her regaining her health in this cli-
mate was abandoned.

They resided with Mrs. Crown's
mother, Mrs. Susie Jones, until a
short time since, when the deceased
was removed to the hospital from
which she died on the morning of
the 10th inst.

She leaves a husband, mother and
sister, besides a host of loving friends
to mourn her demise.

While the St. Johns river is up some from the recent rains, it lacks several feet yet of being up to the high water of years ago. It will take a great deal more rain and a West Indian hurricane blow of several days to raise the water in Florida streams, lakes and ponds to the point reached many years back. In fact, the high water record dates back about thirty years.—Volusia County Record.

The Terrell sawmills of the Tampa-Havana Lumber Co., which have been closed for several months on account of the depression in the business world, will resume business next Monday with a full force. They are among the largest mills in Florida. This may be taken as an indication of the advancing prosperity of the field this company covers or it may have been made possible by the recent advance in the price of lumber.

One of the finest specimens of the American flag is flying from the flag-staff in front of the State arsenal at the barracks in St. Augustine, and will continue to grace the headquarters in future. It is a new regulation garrison flag, thirty-six feet in length, and contains the latest star in the blue field for the State of Oklahoma. The flag is the first of the new ones to reach Florida and was received by Adjutant-General Foster recently for use at headquarters.

The Tampa Board of Trade rooms were crowded to the doors Tuesday afternoon with a gathering of representative citizens, who met en masse to express their sentiments with regard to the urgent need of Tampa for twenty-four feet of water in its channel approach to the city. The meeting was in response to an invitation from the United States engineer corps for the citizens of Tampa to publicly make an expression of the desires and needs in the way of deep water facilities.

Charged with selling tainted meats, T. Beach, manager of the Pensacola branch of the Cudahy Packing Company, was fined \$100 and costs in the recorder's court in that city, the complaint coming from a customer who had purchased three hams from the packing house, and who claimed that all three were spoiled and unfit to be sold. Several sanitary inspectors were also witnesses in the case, and each of them claimed the hams to be spoiled. The manager stated in court that he did not know the hams to be in such condition, and that he would have refunded the money had he been notified. The court, however, upon the testimony of the customer, who claimed he had upon three occasions notified the packing house, assessed a fine of \$100 and costs.

Something for You.

The Sun is just in receipt of the first installment of receipts from the Democratic National Committee for the list of contributors making up our first remittance to the Bryan and Kern campaign fund. They are handsomely lithographed, and we have a receipt for each of those who contributed. They will prove a novel souvenir in the future and are well worth framing. Call and get yours and show it to your friends. They will each want one just like it, and will contribute to the fund in order to procure this souvenir.

Social in North Gainesville.

There was a pleasant social gathering at the home of O. B. Bailey in North Gainesville last Thursday evening, when the young people of that suburb gathered for an evening's entertainment. The crowd was augmented by several from the city and the event proved an enjoyable affair. Light refreshments were served, which added to the occasion.

HOT SHOT FROM WATSON.

Populist Candidate Speaks to Audience At Albany, Ga.

Albany, Ga., Sept. 11.—Hon. Thos. E. Watson spoke here Wednesday. He denounced William J. Bryan in bitter terms and declared himself to be the only sincere pure Jeffersonian, Jacksonian democrat now before the people.

He departed from the discussion of national politics long enough to go into the history of his support of Hoke Smith in 1906 and his refusal to support him in the last campaign. He reiterated his charges that the governor changed front on the only important issues of the campaign.

Held for Death of His Son.

Augusta, Ga., Sept. 11.—The coroner's jury empaneled in the case of Carl Roberts, the seven-year-old boy who died Monday morning at the city hospital supposedly from the effects of whisky given him by his father, David T. Roberts, returned a verdict that the deceased came to his death from the effects of convulsions that were induced by over-stimulation as the result of alcoholic poisoning, administered by the hands of Robert Taylor and D. T. Roberts. Both men are in jail and will probably be tried at the next term of the superior court for involuntary manslaughter.

Famous Journalist Dead.

Budapest, Sept. 11.—Dr. May Falk, a famous Hungarian journalist and physician, died in this city Thursday. He was nearly eighty years old.

Steamer Lost at Sea.

Fernambuco, Sept. 11.—The steamer Spartan Prince, Captain Smith, of the Prince line, has been lost at sea after collision with an unknown bark. All the members of the crew, numbering thirty men, were saved. The steamer carried no passengers. The news was received from Aracu where Captain Smith landed. He reports that the steamer was abandoned in a sinking condition after the collision.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold in drug stores, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N.Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N.Y., on every bottle.

NOTICE OF ELECTION

WHEREAS, The Legislature of 1907, under the Constitution of 1885, of the State of Florida, did pass three Joint Resolutions proposing amendments to the Constitution of the State of Florida, and the same were agreed to by a vote of three-fifths of all the members elected to each house; that the votes on said Joint Resolutions were entered upon their respective Journals, with yeas and nays thereon, and they did determine and direct that the said Joint Resolutions be submitted to the electors of the State at the General Election in November, 1908.

NOW, THEREFORE, I, H. CLAY CRAWFORD, Secretary of State of the State of Florida, do hereby give notice that a

GENERAL ELECTION

will be held in each county in Florida on Tuesday next succeeding the first Monday in November, A. D. 1908, the said Tuesday being the

THIRD DAY OF NOVEMBER,

for the ratification or rejection of the said Joint Resolutions proposing amendments to the Constitution of the State of Florida, viz:

A JOINT RESOLUTION proposing an Amendment to Section Nine (9) of Article Five (5) of the Constitution of Florida relating to judicial salaries.

Be it Resolved by the Legislature of the State of Florida:

That Section Nine (9) of Article Five (5) of the Constitution of the State of Florida be and the same is hereby amended so as to read as follows, viz:

Section Nine (9). The salaries of Justices of the Supreme Court, Circuit Judges and Judges of Criminal Courts of Record shall be fixed by the Legislature.

That the foregoing amendment of Section Nine (9) of Article Five (5) of the Constitution of Florida is hereby agreed to, and the same shall be submitted to the electors of the State for approval or rejection at the next general election of Representatives hereafter, as required by Section One (1) of Article Seventeen (17) of said Constitution.

JOINT RESOLUTION proposing an amendment to Article Twelve of the Constitution of the State of Florida relative to education, to be known as Section Sixteen of said Article, providing for the levy of a special tax for the support and maintenance of the University of the State of Florida, the Florida Female College, the Institute for the Blind, Deaf and Dumb, and the Colored Normal School.

Be it Resolved by the Legislature of the State of Florida:

That the following amendment to Article Twelve of the Constitution of the State of Florida, to be known as Section 16 of said Article, be and the same is hereby agreed to and shall be submitted to the electors of the State at the next general election of Representatives, to be held in the year 1908, for ratification or rejection.

Sec. 16. A special tax of one mill on the dollar of all taxable property in the State shall be levied annually for the support and maintenance of the University of the State of Florida, the Florida Female College, the Institute for the Blind, Deaf and Dumb and the Colored Normal School, which shall be paid into the State Treasurer and set apart by him to the credit of the State Board of Education, to be apportioned and disposed of for the benefit of said institutions as required by the act creating and maintaining the same, known as Chapter 5384, of the Laws of Florida, approved June 5, 1905.

JOINT RESOLUTION proposing an amendment to Section Thirty-five of Article Five of the Constitution of Florida, relating to establishments of Courts.

Be it Resolved by the Legislature of the State of Florida:

That the following amendment to Section Thirty-five of Article Five of the Constitution of Florida is hereby agreed to and shall be proposed and submitted to the electors of the State for approval or rejection at the next general election hereafter, that is to say, said Section Thirty-five of said Article shall be amended so as to read as follows:

Section 35. No Courts other than herein specified shall be established in this State, except that the Legislature may provide for the creation and establishment of such additional judicial circuits as may from time to time become necessary, and for the appointment by the Governor and confirmation by the Senate of additional circuit judges therefor, whose terms of office and general jurisdiction shall be the same as is herein provided for the circuit judges herein already provided for, and may clothe any Railroad Commission with judicial powers in all matters connected with the functions of their office.

The votes cast in compliance with said proposed amendments, and the canvass, declarations and returns thereof, shall be subjected to the same regulations and restrictions as are provided by law for general elections in the State of Florida.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the Great Seal of the State of Florida, at Tallahassee, the Capital, this twenty-fifth day of July, A. D. 1908.

H. CLAY CRAWFORD, Secretary of State

July 24, 1908.

What Has Happened and What Is Going to Happen Told in Short Paragraphs So That "He Who Runs May Read" It in The Sun.

From Friday's Daily Sun.

James Everett of Bell was in the city yesterday.

Go to Gladys for wall paper, 10c and up. Opposite A. C. L. depot.

George Snowdon of Hatchet Creek was among the visitors to the city yesterday.

Plank's Chili Tonic is guaranteed to cure chills, fever, colds and lagrippe. Price 25 cents.

Mrs. J. N. Shealey of Rochelle was among the shoppers visiting Gainesville Thursday.

W. A. McGriff, one of the popular druggists of Micanopy, was among the visitors to the city yesterday.

Among the charming visiting ladies in the city is Miss Anita d'Ferro of Lake City, who is the guest of Miss Nina Cellon.

Miss Julia Beville has an attractive guest in her cousin, Miss Frances McDowell, of Gainesville.—Jacksonville Metropolis, Oct. 10th.

Capt. T. B. Pearson of Archer, one of the prominent citizens of that thriving section, was among the visitors to the city Wednesday.

Capt. F. V. Seagle, who has been here on a visit to his children, returned yesterday to West Palm Beach, where he is engaged in business.

W. R. McGregor of Santa Fe was among the turpentine operators attending the regular quarterly meeting of the convention here yesterday.

Editor Geo. T. Taylor of High Springs was in the city yesterday en route to Jacksonville, where he goes on business for the next two days.

Mrs. E. B. Godwin of High Springs was in the city yesterday. She formerly resided here and has a large circle of friends who are always pleased to meet her.

R. L. Barton and wife of Rocky Point were among the shoppers to the city yesterday. He states that some few have already sowed their fall seed beds but will plant more of them later.

Mrs. S. J. Peters and grand-daughter, Miss Montie Hickman, who have been in the city for some time as the guests of the family of J. E. Whidden, returned to their home yesterday at Holder.

Dr. Elmer E. Bennett of Oxford, O., is visiting his brother, Milo A. Bennett of North Gainesville. Dr. Bennett thinks Gainesville has made wonderful strides in improvement since his visit here ten years ago.

Deputy Sheriff C. H. Chrisman of Micanopy was in the city yesterday, having come for the purpose of bringing over Carolina Preston, a lunatic from that town, who he turned over to County Judge Mason for commitment.

Livingston's Cure for Black Tongue in dogs is guaranteed to cure if applied in time; also his distemper remedy is a sure cure. Price of each \$1. Sold by druggists or the manufacturer, Geo. W. Livingston, Newberry, Florida.

Tom Kirby of Newberry was in the city yesterday getting a bond certified which could be forwarded to Starke and release his brother, J. H. M. Kirby, who is confined in jail at that place. The sureties were citizens of Newberry.

Miss Janie Rossiter, who has been residing in South Gainesville with her brother-in-law, departed yesterday for Ocala, where she will visit for a few weeks before proceeding to Tampa, at which place she will in future reside.

Deputy Sheriff E. Marconny of Alachua was in the city yesterday. The "Professor" brought down with him Dergil Smallwood, who was sentenced in Justice Caswell's court to ninety days in the "gang" on a charge of petit larceny.

Miss Jessie Riley of this city, who has been spending the past four weeks at Battle Creek, Mich., has returned and assumed her duties at the United States land office. She reports

a pleasant trip and feels that the change has proven highly beneficial to her.

J. A. Bradshaw of Micanopy, was among the visitors to the city yesterday. He is one of the truckers of that section and says the planters are now busily engaged in planting their fall beans, besides putting out their seed beds of lettuce and cabbage for their fall transplanting.

Miss Mabel Townsend was in the city yesterday. She has just closed a very successful summer school at Thomas, near Fort White, and was en route to her home at Rex, where she will spend a few days before assuming another charge for the fall and winter months.

R. M. Martin of Hawthorn was among the visitors to the city yesterday. He says the rains are proving a good thing, inasmuch as they are filling up the various places with water, which will later on be a benefit to cattle and at the same time make excellent pasturage.

D. G. Harvard of Live Oak was among the visitors to the city yesterday. He formerly resided in this county and has a large number of friends and acquaintances here who are always glad to meet him. He is now spending a while with his son, Lee, who is the operator at Archer for the Seaboard.

Lee Graham, assistant cashier of the First National Bank, who has been absent for the past three weeks taking his annual summer vacation, has returned to his duties in this city. While away he visited Indian Springs, Hot Springs and other noted health resorts and feels that he has gained considerable in weight and health by his trip.

H. Maddox, wife and little son, of Archer, were visitors to the county capital yesterday. Mr. Maddox came up in his new car "White Steamer," and judging from the way it hummed around the city it is a fine machine. It is a steam car that is as near noiseless as one could be perfected, and he made the distance in remarkably good time, considering that he got lost several times in trying to come a new route to avoid the heavy sand along the railroad.

From Saturday's Daily Sun.

J. H. Coffee of Waldo was among the visitors to the city yesterday.

Mrs. T. J. Perry of Rochelle was among the shoppers visiting the city Friday.

L. A. Carroway, one of the prosperous planters of Alachua, was meeting his friends in the city yesterday.

Dr. Armstrong, the Jacksonville eye specialist, will be here one day only, September 15th. Office, Brown House.

R. J. Small of Hague, who has been spending the past three days in the city on business, returned to his home yesterday.

W. H. Powell, representing the Consolidated Grocery Co. of Jacksonville, is in the city conferring with the merchants.

Misses Catherine and Nettie Richardson have gone to Tacoma, where they will spend the next week visiting Mrs. Joe Chamberlin.

J. M. Shaw, one of the leading citizens of LaCrosse, and the sawmill man of that place, was here yesterday purchasing supplies for his mill.

J. W. Carlisle, trustee of the Perseverance school, was in the city yesterday conferring with Superintendent Kelley in reference to school matters.

Mrs. W. B. Scarborough and daughter, Miss Lottie, have gone to Fort White, where they will spend the next ten days visiting relatives and friends.

Mrs. R. B. Peeler and children, Casper, Ruth and Myrtle, departed yesterday for Fort White, where they will spend the next week visiting the former's sister, Mrs. J. L. Pope.

Mrs. Louise Weeks of Newberry, who has been in the city for the past two weeks visiting her parents, Mr. and Mrs. W. P. Carter, returned to her home at that point yesterday.

J. L. Neal of Waldo was among the visitors to the city yesterday. Mr. Neal was here looking for a location, as he contemplates moving his stock of goods from that place to this city.

Col. Ferd Bayer has received his commission as justice of the peace for district No. 7, and is now a full-fledged judge in that respect. He will hold his first court next Monday.

Mrs. C. W. Bauknight and daughter, Miss Lella, who have been spending the past month at Daytona Beach, were in the city for a few hours yesterday en route to their home at Arch-

er. They report an exceedingly pleasant time at the beach and were loath to leave.

Glen Roth and bride returned to the city yesterday from their wedding trip, which included Pablo and where they spent the greater part of the time. They also visited relatives at Candler.

Misses Allen and little Lillian Powell of Archer were in the city yesterday en route to their home. They have just returned from a pleasant stay at Daytona Beach, where they spent ten days.

The county examination for white and colored teachers which has been in progress in this city for the past four days was completed yesterday, and the papers will at once be turned over to the grading committee.

Mrs. W. W. Hampton, who has been spending the past several weeks visiting at points in Georgia, returned to her home in this city yesterday, much to the delight of her numerous friends.

Estrayed—One roan mule about 15 hands high, been leached in right fore leg just above hoof; was in fair condition. Any information as to whereabouts will be rewarded. JOHN WILLIAMS, Grove Park, Fla.

Miss Kate Evans, after a delightful visit of a month to friends and relatives in Louisville, Ky., has returned to her home in this city. She reports an exceedingly pleasant trip. She was accompanied by Master Frank Evans.

D. R. McElvin, who has been engaged as foreman of a phosphate plant at Albion, was in the city yesterday. He says that the concern is still in litigation and there is very little prospect of its beginning operations any time soon.

Little Miss Corine Hodges of High Springs, who has been in the city for several days as the guest of her friend, little Miss Marion Dell, returned to her home yesterday. She was accompanied by the latter, who will spend the next week visiting her.

E. A. Osteen and son of Willeford are in the city on business. Mr. Osteen was a candidate for sheriff in the late primary and is well known throughout the county. He was not daunted by the result of the primary but repaired to his good old farm, where he can always make something from its productive soil.

D. G. Edwards left yesterday for DeLand, where he will spend a few days visiting his sister, Mrs. J. W. Wideman. His last trip in that section greatly benefited him, and he is going again in the hope that the change will assist in his rapidly regaining his health and strength from the fall received about four weeks since.

B. C. Wilcox and wife of Sorrento, Fla., are in the city. Mr. Wilcox came up to place his wife in care of Dr. Colson, in the Sanatorium in this city, where she will undergo an operation. Mr. Wilcox is one of the leading citizens of that section, and besides being a prosperous business man is also deputy sheriff at that point.

Mrs. T. W. Shands and children, accompanied by her mother, Mrs. Parker, who have been spending the past two months at Daytona Beach, have returned to their home in this city. Friends of Mrs. Shands will be pleased at the information that the trip has proven highly beneficial to her and she has gained greatly in strength and health.

G. W. Bennett has returned from a pleasant outing of several days at Crystal River. He is delighted with the place and people, and says the fishing there is fine. Oysters were just beginning to come in when he left, and as the Crystal River oysters are next to the Cedar Key bivalve in the way of flavor he was loath to leave on that account.

From Sunday's Daily Sun.

J. R. Malphurs of LaCrosse was in the city yesterday.

C. W. Wells of Alachua paid the city a business visit Saturday.

Prof. F. H. Ellis of Alachua was among the visitors to Gainesville Saturday.

Mrs. E. F. Zetrouer and little child of Rochelle were shopping in the city yesterday.

Mrs. Van Taylor and little daughter from Rocky Point were shopping in the city yesterday.

The Commercial is a medium-rate hotel, with large, comfortable rooms. W. G. Richardson, Proprietor.
